

Persian American Society for Health Advancement (PASHA) Presents...

UNNATURAL CAUSES

...is inequality making us sick?

A seven-part documentary series exploring racial & socioeconomic inequalities in health.

Do we all have an equal chance for health?

Economic and racial inequalities are not abstract concepts; they hospitalize and kill even more people than cigarettes. The wages and benefits we're paid, the neighborhoods we live in, the schools we attend, our access to resources, and even our tax policies all have an impact on our health.

A Screening of the Award-Winning Documentary
Followed by a Discussion with Dr. Michael C. Lu,
Professor at the David Geffen School of Medicine and
UCLA School of Public Health

Location: Haines Hall Room 118

Time: Wednesday, May 13th at 7 PM
